“Between the unbelievable help and care I received at the Marcus Stroke Center, and the unconditional love my daughter received in the NICU – there is nothing I want more than to continue to celebrate Grady Hospital. We hope that Grady’s NICU Team knows how much we care for them and all their hard work.”

“My wife worked as a physician at Grady a few years ago. Both she and I witnessed firsthand that Grady is a place that welcomes everyone. The openness and support that Grady provides to the local community is worth every penny of support that the community can provide back to Grady.”

“As a patient, Grady has helped me focus on life rather than an illness. I’m over two years past treatment and I feel great! I love the warmth of the staff and I adore Dr. Gabram. With her, I’m a person who matters – not just a number on a chart. Grady has some of the most qualified physicians and they get the best results.”
