“Grady’s frontline doctors, nurses and Grady’s health care staff have always treated me with respect and kindness. They were available for me when I lacked medical insurance, did not turn me away and gave me the upmost care for my conditions. I do not know where I would be today if Grady was not there for me. My donations can never surmount the tender care I received from Grady.”

"I believe in the mission and work of Grady hospital, which is why I am proud to be a Grady Ambassador. Everywhere I go I share how the doctors and nurses are transforming lives – from counseling at the behavioral health center to performing surgeries in the ER. My hope is that the service I give to Grady will help it make an even bigger impact in the community."

Aissa Holliday-McDaniel
Grady Ambassador Force member
Delta Air Lines; Alpha Graphics West Midtown

"The John and Polly Sparks Foundation considers Grady one of its most valued partners. Grady's commitment to providing effective and compassionate care to individuals during times of mental health crisis is remarkable. We are pleased to have been able to support an innovative program that increases access to mental health screening and treatment through Grady's primary care network. We are grateful for the healing support and caring emergency response Grady gives to thousands of patients each year."

"The warmth and compassion of Grady's NICU staff is truly unprecedented. When my family learned of their need for additional NICVIEW cameras so that more parents of tiny patients could return to work and see their babies any time they wanted via secure livestream, we were eager to jump in and make an impact. I just completed my volunteer training and look forward to extending that impact to even more patients and families throughout the hospital. Grady has been there for countless people in Georgia, and I look forward to being there for Grady."

Janin Hutcheson

Our 2019 Donors

“Our hometown partnership with Grady is one of our most unique and rewarding efforts. The Home Depot Foundation's mission is to improve the lives of our nation's veterans. Our joint EMS program trains veterans and prepares them for a beneficial career in the medical field. This program not only allows us to further our mission, it also helps us expand the variety of opportunities we're able to provide veterans. Grady's unwavering commitment to Atlanta is unmatched. Their work is vital to healthcare and we're proud to partner with them.”

"As a first time mom, having a baby pre-term was scary. It was especially scary when I found out my little one would have to stay and get additional treatments in Grady's NICU! But what made it less stressful was being able to see my baby any time I wanted to, thanks to those crib cameras. If I had to run and grab clothes or even head to work, I was comforted knowing that she wasn't far from view."
